

Let's Make It Happen!

Greenfield Auditorium Renovation

Greenfield students, faculty, and volunteers work tirelessly to stage musical and choir performances, drama club, dance recitals, and bring numerous cultural activities such as theater and orchestra performances to our school. All of these wonderful activities happen at the Greenfield auditorium, which remains largely unchanged since the school was constructed in 1969 and needs a renovation.

This year we have a unique opportunity as we have the attention and the commitment of the Philadelphia School District in addressing some of the critical needs of our school. They are willing to partner with us and help us work on the renovation of our auditorium throughout spring and summer of 2011. It is urgent to raise the funds now so that we can include all of the critical improvements to the auditorium, including **installation of a high-lumen projector, renovation of the seating, new flooring solution, refurbishing the stage, and additional lighting and speakers.**

We need help of Greenfield families, alumni, and friends in reaching our goal of \$50,000! Join State Rep. Babette Josephs, our first donor, in contributing to this effort. Each contribution will be prominently displayed on a permanent donor wall.

(please detach and return the portion below with your donation to the Home & School mailbox in the main office)
